<b>3.</b>	<b>IAPT</b>	
3.1	<ul style="list-style-type: none"> <li>• AS – Attended a workshop briefing in Manchester regarding Children and Young people's IAPT.</li> <li>• The bids have to be led by a Higher Education Institute because the focus is on training existing staff.</li> <li>• Northumbria University were at the workshop and they said they would be contacting Streetwise to see if they could be named on the bid too.</li> <li>• There will be a budget available to backfill Therapists who are attending the course.</li> </ul>	
	<b>Action (1): AR to write to the Universities to inform them about the Partnership.</b>	

	<p><b>Action (2): PH to feed back to the children’s trust. Concerns were raised around projects operating outside of Strategic Plans. To find out if other Partnerships are having the same problem.</b></p> <p> CYP IAPT LAUNCH Manchester.pdf</p> <p><b>4. Representation from Adults on Partnership</b></p> <p>4.4 AR – So far unsuccessful in getting representation from Adults on the Partnership. <b>Action: AR – For now AR will be the link by attending the Adult equivalent of this meeting.</b></p> <p><b>6. A.O.B</b></p> <p>6.1 NTW Structure</p> <p>6.1 AR – Advised that the new NTW structure will have a Clinician, Nurse lead and manager at each level of the service. The CAMHS specialist services will be the same as before. Jan Brown will cover the North and South of Tyne. There are two vacancies. One to cover North of Tyne and one to cover South of the Tyne.</p> <p>6.2 ITS Structure Structure of Senior Team The ITS Senior Team will be now put in place over the next month. The LA is now populating the structure below this. Over the next two weeks interviews will take place. Early intervention will now be supported by ITS. The risks are that as services develop there will not be any link up with developments in other services. It was confirmed that it is important that PH continues to attend the EWMHP meeting. PH – Distributed the structure sheet to the members.</p> <p>6.3 CAMHS Referrals</p> <p>6.3 1 SP – A number of referrals received are not hitting the threshold for the CAMHS service. This is causing a blockage in the throughput of referrals. <b>Action; AS to be in touch with Phil and Sue Miller.</b></p> <p>6.3 2 SP- Concerns were raised re the number of children who are being referred to CAMHS for obesity or overweight children. There does not appear to be a joining up of resources to help these young people. Some of them who have stopped attending</p>
